KERASHIELD

FUTURE OF COOKTOPS

A next-generation surface engineered with precision ceramic printing, extreme strength, and premium design.

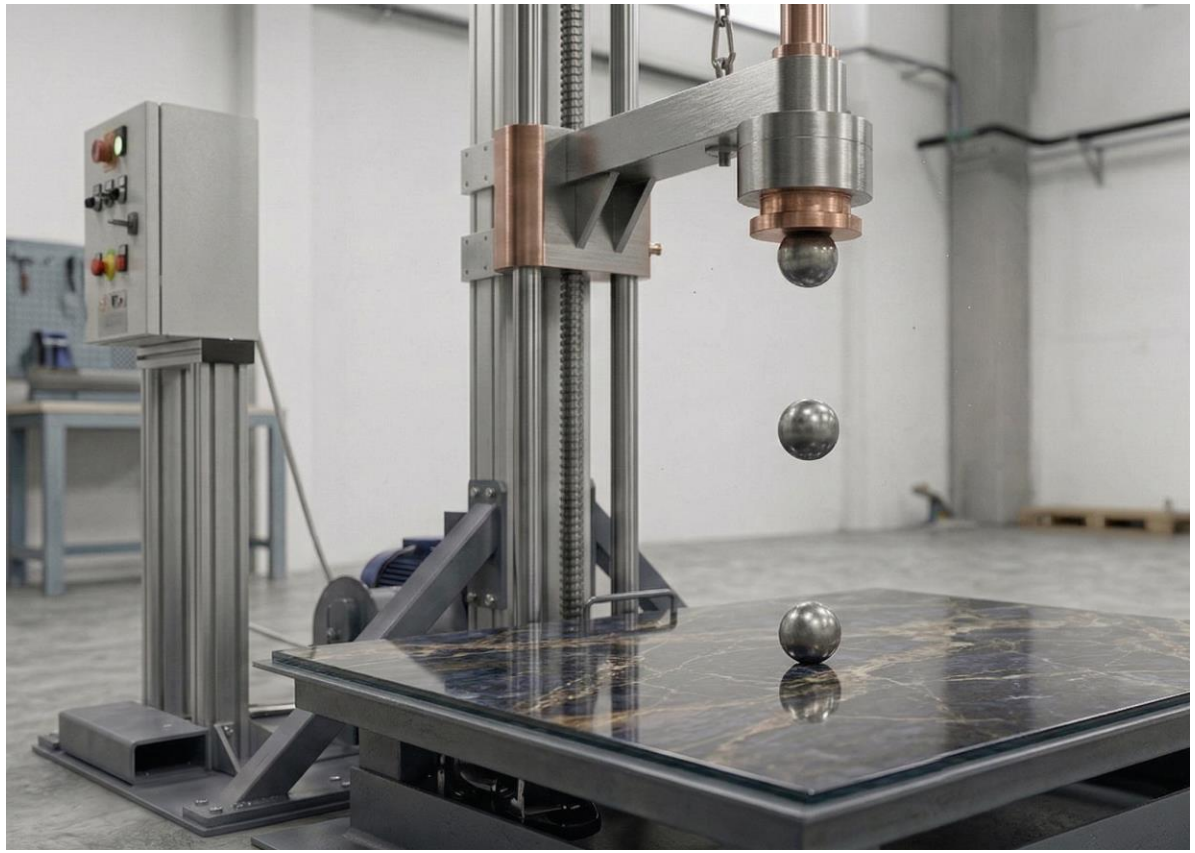

ENGINEERED FOR EXTREME STRENGTH

- Strongest cooktop glass surface ever developed
- Special Ceramic Shield technology makes **Kerashield** the strongest glass surface **in the world**
- Even at just 4 mm thickness, **Kerashield** withstands a 1040 g steel ball drop from 1 metre – far higher than ordinary 8 mm cooktop glass surfaces

TruStones

Stone Textures, Reimagined

Natural stone-inspired patterns with premium depth, detail, and modern elegance.
